| _____ Music      | _____ Visual Arts     |

Due to space limitations, CAA requests that only immediate family attend this event.

\_\_\_\_\_ # of family members attending

***\*\*All registration confirmations will be sent via email.***

## Workshop Registration

CAA will offer 2 one-hour workshops following Open House (1–2 p.m.). These workshops are not mandatory and are open to eligible applicants considering either Theatre or Visual Arts as their major. Space is limited and given on a first come first serve basis. If you are interested, please check the box next to the workshop below.

**Visual Arts Workshop / 3 Steps to a Better Drawing**

In just one hour you will learn how to make a better drawing and experience what it is like to be in a CAA drawing class! In this workshop, visual arts faculty and current students will introduce you to important techniques that will improve your observational drawing ability. Supplies will be provided.

**Theatre Workshop/Acting Workshop**

The CAA Theatre Department classes strive to build an ensemble, while giving each student necessary personal attention. Come experience a CAA acting class immediately following Open House. This hour long workshop, led by current students and faculty, will give you an opportunity to gain some basic acting essentials in a fun atmosphere.
